The devastating facts we all wish were not true! The average sized penis is 6 to 9 length. How do you measure up? And do you really want to be just! size does matter! According to the NEW Durex global sex survey, most women would rather go out with friends than have sex! Most men caaverage? 75% of women say they would like their partner to have a larger penisnnot have full sex for more than 3 minutes without ejaculating... Do you think that is long enough to truly satisfy your partner? NO! Almost half of women fake their orgasm most of the time! Are you truly making your partner happy?
